This disclosure form is being provided by the Seller to a prospective Buyer because the property being offered for sale or transfer, is served by an On-Site Sewage System and is not connected to a public sewer. The Whitley County Department of Health recommends that the Buyer retain an On-Site Septic Inspection to evaluate any On-Site Sewage System prior to closing the sale transaction. The purpose of the recommended evaluation is to assess the functionality of the system and to determine if repairs to the system are required. If repairs are required to ensure proper/legal functionality, the outcome of the evaluation will allow the Buyer and the Seller to work together on this issue prior to the actual sale. A Seller (or someone authorized by seller) must provide this Seller's Disclosure Form to a prospective Buyer before an offer for the sale of real estate is accepted and shall make the property available for inspection/evaluation of the On-Site Sewage System prior to closing the sale transaction if Buyer requests said inspection/evaluation.
